

The Katies, Shower

(verse)

I'm last and shattered, it doesn't matter
Go take a shower, water the flowers
Fly by a C plane, over and obtained
Go see a B play, underaway

(chorus)

And maybe I'll show and maybe you'll know
And maybe I'll die just to bring you alive
Hitting the stone, I'm overblown
And maybe I'll die when you're saving me.. now

(verse)

I can't remember who hollered timber
To make me shiver and not deliver
So I slip in space to find you
Lost my heart in heaven Crazy

(chorus)

and maybe I'll go and maybe you'll show
and maybe I'll die just to bring you alive
coming back home I'm always stoned
and maybe I'll die when you're saving me.. now

(bridge)

whats that you're saying to me fly by a open
book sea and we can all let them be so crazy
