

# The Katies, Shower

(verse)

I'm last and shattered, it doesn't matter  
Go take a shower, water the flowers  
Fly by a C plane, over and obtained  
Go see a B play, underway

(chorus)

And maybe I'll show and maybe you'll know  
And maybe I'll die just to bring you alive  
Hitting the stone, I'm overblown  
And maybe I'll die when you're saving me.. now

(verse)

I can't remember who hollered timber  
To make me shiver and not deliver  
So I slip in space to find you  
Lost my heart in heaven Crazy

(chorus)

and maybe I'll go and maybe you'll show  
and maybe I'll die just to bring you alive  
coming back home I'm always stoned  
and maybe I'll die when you're saving me.. now

(bridge)

whats that you're saying to me fly by a open  
book sea and we can all let them be so crazy
