

# The Kelly Family, Because It

Everytime I look at your face  
I get this feeling  
Everytime I look in your eyes  
it starts healing  
Everytime we walk side by side  
yes, I get this feeling  
Because its love,  
yes, its love, oh, its love  
And we climb a step  
every day its you and I  
we climb a step  
every day and every night  
Its everytime you look at my face  
you give me this feeling  
everytime you look in my eyes  
my heart starts to tumble  
oh, I think of you all the time  
its you I believe in  
Because its love,  
yes, its love, oh, its love  
And we climb a step  
every day its you and I  
we climb a step  
every day and every night 3x  
Everytime I look at your face  
I get this feeling  
Because its love,  
yes, its love, and its love
