

The Kelly Family, Because It

Everytime I look at your face
I get this feeling
Everytime I look in your eyes
it starts healing
Everytime we walk side by side
yes, I get this feeling
Because its love,
yes, its love, oh, its love
And we climb a step
every day its you and I
we climb a step
every day and every night
Its everytime you look at my face
you give me this feeling
everytime you look in my eyes
my heart starts to tumble
oh, I think of you all the time
its you I believe in
Because its love,
yes, its love, oh, its love
And we climb a step
every day its you and I
we climb a step
every day and every night 3x
Everytime I look at your face
I get this feeling
Because its love,
yes, its love, and its love
