

The Kelly Family, Big Mouth On Tv

Oh yeah, that sounds good

All right, here we go

Long time ago it was a very nice story

Nine mucky kids rocked their way to the top

but the money and fame drove some people insane

Well, theres always going to be a big mouth on TV

there is always going to be someone talking bad about me

Bla, bla, bla, ...

Theres a paparazzi-man waiting outside my window

and according to the news my brother just got wed

you see, one mans opinion reaches out to a million, oh, a million, a million

Well, theres always going to be a big mouth on TV

there is always going to be someone talking bad about me

Bla, bla, bla, ...

Lalalalalala...
