

The Kelly Family, Cover The Road

You might say you're pretty
You might say you're free
Life may be so easy
Love may be so free
Cover the road, cover the road
Till the end of time
You might say you're ugly
You might say you're chained
Life may be so dreary
Love may be a shame
Cover the road, cover the road
Till the end of time
Cover the road, cover the road
Till the end of time
Life is a highway
You're sitting on the wheel
and you decide the speed
Here's the easy and there's the hard way,
It's either one
Cover the road.....
You might say you're ugly
You might say you're chained
It's inside your heart lady
Where the battle is won
Cover the road...
I can see the road to cover
Cover the road
I want you to cover the road with me
Till the end of time
