

The Kelly Family, Oh God

Forgive me father for I've sinned
I know your mercy has no end
Save me from this state I'm in
I drifted off again
A greater love I will not find
Your son you gave up for mankind
Kneeling down before the cross
Now I'm no longer lost
Oh God oh God you give me so much love
Oh God oh God you saved me through your blood
I'm thirsty yes I thirst for you
You know me better than I do
You rescued me before I drowned
A lost sheep has been found
Only truth will set me free
So holy spirit come to me
Take my life into your hands
Whatever that demands
Oh God oh God you give me so much love
Oh God oh God you saved me through your blood
So much love bless my soul eternal life
Be careful be careful be careful
Be careful be careful be careful
Be careful be careful be careful
Be careful be careful be careful
Oh God oh God you give me so much love
Oh God oh God you saved me through your blood
Oh God oh God you give me so much love
Oh God oh God you saved me through your blood
So much love bless my soul eternal life
