

The Kelly Family, Rock

Tom had a job in a town outside the city
was working very hard, life was looking very pretty
nothing going wrong with the rockabilly song
that the radio was playing
But then came around the rocknroll beginning
Tom left the town and got into the singing
nothing was the same since he read a book saying
"Wheels are freedom nowadays"
Rocknroll stole my soul
rocking down the river like a rolling stone
Rocknroll stole my soul
rocking down the river like a rolling stone, oh yeah
Tom had a band and made a good an living
toured all the land, his dreams had been fulfilling
was bringing in some cash, but spent it all on hash
thats when his life began to bend
Times were looking bad, he was lying in a clinic
he lost all he had, the world was looking cynic
hin innocence was gone, but it didnt take him long
now hes singing on the street the song of his defeat, oh yeah
Rocknroll stole my soul
rocking down the river like a rolling stone
Rocknroll stole my soul
rocking down the river like a rolling stone
Rocknroll stole my soul
rocking down the river like a rolling stone
Rocknroll stole my soul
rocking down the river like a rolling stone, all right
Beans, beans, the musical fruit
the more you eat, the more you toot
the more you toot, the better you feel
so lets have beans for every meal 2x
Rocknroll stole my soul
rocking down the river like a rolling stone
Rocknroll stole my soul
rocking down the river like a rolling stone 4x
