

The Kelly Family, Stronger than ever

It used to how we cried
In my bed, lot of tears
A mount I have cried
Anymore every night
Everybody needs a friend
Everybody needs a friend
All right, all right, all right
Now see I'll be rough
While you're out let it see
So woman do you wat to see my dear
Everybody needs a friend
Everybody needs a friend
All right, all right, all right
Stronger than ever
Bruised but strong, didn't dye
Stronger than ever
Bruised but strong, didn't dye
Everybody needs a friend
Everybody needs a friend
All right, all right, all right (2x)
