

The Kiffness, Sometimes I'm Alone (Singing Cat)

Sometimes I'm alone, sometimes I'm not
Sometimes I'm alone, hello?

It's been two days since he locked me inside
Said he'd be back but I guess he just lied
to my face as he walked through the door
I can't take this no more

Only two biscuits are left in my plate
A matter of time until I meet my fate
Through the shadows to the light of day
How long must I wait?
