

# The Killers, A Crippling Blow

Here in my house  
Time is sweet  
I hear the children  
Playing in the street  
Out where the hot winds  
Blow a gentle breeze  
Ahha ahhh ahhh ahhh

I don't need time  
I don't need time  
No I can get by myself  
I don't need time  
I don't know why  
The summer wind did not tell  
I scramble online  
And I know that I  
Will never be common will  
But I can get by in the meantime by myself

He's a real winner  
All over they say  
Sleeping in the lazy afternoon (lazy afternoon)  
A danger to the doubters they assume (they assume)  
Ahha ahhh ahhh ahhh

I don't need time  
I don't need time  
No I can get by myself  
I don't need time  
I don't know why  
The summer wind did not tell  
I scramble online  
And I know that I  
Will never be common will  
But I can get by in the meantime by myself

Deal me a crippling blow (a crippling blow)  
Steal me from under my glow (from under my glow)  
A crippling blow (a crippling blow)

I don't need time  
I don't need time  
No I can get by myself  
I don't need time  
I don't know why  
The summer wind did not tell  
I scramble online  
And I know that I  
Will never be common will  
But I can get by in the meantime by myself  
Lord, I can get by in the meantime by myself

But I can get by in the meantime by myself
