

The Killers, Desperate

Send me away, oh
I'm here on my own

Hammer, stutter now
Let's rock, let's roll now

She says I'm obsessed
I say I'm in love
Oh, me
You've done it now
Now send me a way out
I feel insecure
And desperate
But not right now
I feel it now
And you don't see
The way I see
I've got it now
I'm desperate

Desperate
Desperate

I'm better off like this
I'm better off
I'm better off like this

Don't you know I care?
No, no

Desperate
Desperate
Desperate
Desperate

I'm better off like this
I'm better off
I'm better off like this
Don't you know I care?
No, no

I wish I was myself
Again
I wish I was myself
Again.
