## The Killers, Get Trashed

Sitting here on the bed
Trying to clear my head
But Brooke you just won't budge
So I look back instead
Why'd you go away?
Useless when I say, hey
Baby I'll be the best
'Cause I'm a jealous mess

So wash your hands from all this dirt And take my words for what they're worth Baby I'll be the best But you stand to protest

And my stomach has been so abused, Your confusion's got me so confused, But everything will be alright If I get trashed tonight

Sitting here on the bed
Trying to clear my head
But Brooke you just won't budge
So I look back instead
Why'd you go away?
Useless when I say, hey
Baby I'll be the best
'Cause I'm a jealous mess

And my stomach has been so abused Your confusion's got me so confused But everything will be alright If I get trashed tonight
