

The Killers, This Is World That We Live In

This is world that we live in
I feel myself get tired
This is the world that we live in
Well maybe I was mistaken
I heard a rumor that you quit this day and age
Well maybe I was mistaken

Bless your body, bless your soul
Pray for peace and self control
I gotta believe it's worth it
Without a victory,
I'm so sanctified and free
Well maybe I'm just mistaken

Lesson learned and the wheels keep turning
This is the world that we live in
I can't take blame for two
This is the world that we live in
And maybe we'll make it through
Bless your body, bless your soul
Pray for peace and self-control

Underneath the waterfall
Baby we're still in this
This is the world that we live in
Feel myself get tired
This is the world that we live in

I had a dream that I was falling, down
There's no next time, alone
A storm wastes its water on me
But my life was free
I guess it's the world that we live in
It's not too late for that
This is the world that we live in
And no, we can't go back

This is the world that we live in
We still want something real
This is the world that we live in
I know that...
This is the world that we live in
