

# The Killers, Where Is She?

A police car  
Was outside your house today  
I haven't seen you in a couple of days  
They knocked on your door  
And then they went away  
Your mother looked scared  
But she didn't cry  
She didn't cry

On one hand I've got myself to blame  
But on the other it's always the same

Follow suit, shake your head  
Tell me that it's a lie  
I don't want you to death  
But I want you to die  
Without a good friend  
On a sunshine  
I know I want survival  
But you don't know why

Where is she  
Where is she  
Where is my baby girl?  
I've seen you  
You're crazy  
What have you done with my whole wide world?

On one hand I've got myself to blame  
But on the other it's always the same thing

Follow suit, shake your head  
Tell me that it's a lie  
I don't want you for dead  
But I want you to die  
Without a good friend  
On a bad day  
Without a soft surrender  
Now what do you say?

All of these tears that we've cried  
All of these tears that we've cried

Where is she  
Where is she  
Where is my baby girl?  
I've seen you  
And you're crazy  
What have you done with my whole wide world?

Where is she  
Where is she  
Where is my baby girl?  
I've seen you  
And you're crazy  
What have you done with my whole wide world?  
What have you done with my whole wide world?  
What have you done ...?
