

The Kooks, How'd You Like That

Well, I was sleeping
Only in my head
Slipping in and out of time

And I was lifting
Always higher
And the women of heaven sang

They were singing
How'd you like that?
How'd you like that?
How'd you like that?

How'd you like that?
How'd you like that?
How'd you like that?
I like it

How'd you like that?
How'd you like that?
How'd you like that?
It lifts me up

What better time to
Take a ride with you
Through the universe tonight

The look of silence
Much like your face
And the symphony that helps me sing

They were singing,
How'd you like that?
How'd you like that?
How'd you like that?

How'd you like that?
How'd you like that?
How'd you like that?
I liked it

How'd you like that?
How'd you like that?
How'd you like that?
I only just let go

How'd you like that?
How'd you like that?
How'd you like that?

How'd you like that?
How'd you like that?
How'd you like that?
I like it

How'd you like that?
How'd you like that?
How'd you like that?
It lifts me up

How'd you like that?
How'd you like that?
How'd you like that?

How'd you like that?
How'd you like that?
How'd you like that?

I feel for what you feel for me
Let's work together
(How'd you like that?
How'd you like that?
How'd you like that?)
Take it out across the sea
To America
(How'd you like that?
How'd you like that?
How'd you like that?)

I feel for you what you feel for me,
so let's work together
(How'd you like that?
How'd you like that?
How'd you like that?)
Take it out across the sea
Let's work together
