## The Kooks, How'd You Like That

Well, I was sleeping Only in my head Slipping in and out of time

And I was lifting Always higher And the women of heaven sang

They were singing How'd you like that? How'd you like that? How'd you like that?

How'd you like that? How'd you like that? How'd you like that? I like it

How'd you like that? How'd you like that? How'd you like that? It lifts me up

What better time to Take a ride with you Through the universe tonight

The look of silence Much like your face And the symphony that helps me sing

They were singing, How'd you like that? How'd you like that? How'd you like that?

How'd you like that? How'd you like that? How'd you like that? I liked it

How'd you like that? How'd you like that? How'd you like that? I only just let go

How'd you like that? How'd you like that? How'd you like that?

How'd you like that? How'd you like that? How'd you like that? I like it

How'd you like that? How'd you like that? How'd you like that? It lifts me up

How'd you like that? How'd you like that?

I feel for what you feel for me Let's work together (How'd you like that? How'd you like that? How'd you like that?) Take it out across the sea To America (How'd you like that? How'd you like that? How'd you like that?)

I feel for you what you feel for me, so let's work together (How'd you like that? How'd you like that? How'd you like that?) Take it out across the sea Let's work together
