

The Kovenant, Star by star

We were alone and on our own, in
the dark between the stars
From the shadows to the pyre, amidst
the chaos, from the stars
Love, life and liberty, Hate, death and captivity
Like a stain of starless darkness,
across the canvas of space
Star by Star
Corrupting all of humanity
So much alike are we
When I see you I see me
Galaxies glitter in the black night sky,
Towards progress, towards death
From the stars we have come, and to
the stars we will return
The violence of passion - The passion of violence
The perverse impulses - The savage egoism
The wicked presence - The wicked essence
The thing that unites us - The thing that divides us
Star by Star
Corrupting all of humanity
So much alike are we
When I see you I see me
