

The Last Shadow Puppets, The Age Of The Understatement

Decided
To sneak up away from your stomach
And try your pulse
And captured
What seemed all unknowing and candid
But they suspected it was false
She's playful
The boring would warn you be careful
Of her brigade
In order to tame this relentless marauder
Move away from the parade
And she was walking on the tables in the glass house
Endearingly bedraggled in the wind
Subtle in her method of seduction
The twenty little tragedies begin
And she would throw a feather boa in the road
If she thought that it would set the scene
Unfittingly dipped into your companions
Enlighten them to make you see
And there's affection to rent
The age of the understatement
Before the attraction ferments
Kiss me properly and pull me apart
Affection to rent the age of the understatement
Before this attraction ferments
Kiss me properly and pull me apart
Ahhhhhhhhhhhhhhhhhhhh
And my fingers scratch at my hair
Before my mind can get too reckless
The idea of seeing you here
Is enough to make the sweat grow cold
Ohhhhhhhhhhhhhhhhhhhhh
