

The Like, The One

I'm not shouting
I'm just talking
You're not listening
You're just looking
Take one in to
Get another
In one ear and
Out the other

I'll stop here
I'll stay there
I'll never be
The one you love

Count your losses
Stop your whining
Must admit you've perfect timing
I'll just wait here
For an answer
Your opinion
Still advancing

I'll stop here
I'll stay there
I'll never be
The one you love
The one you love

I'm not shouting
I'm just talking
I'm not shouting
You're not listening
I'm just talking
You're just talking

I'll stop here
I'll stay there
I'll never be
The one you love

I'll stop it
I'll stay there
I'll never be
The one you love
The one you love

The one you love
The one you love
The one you love
