

# The Magic Numbers, Let Somebody In

Said, you want to love  
But you don't know how  
And you want to feel  
But you're not allowed  
And you want to cry  
But you don't know why  
And you want to give  
But you're not that kind

When you gonna let somebody in?  
You might get hurt just a little bit  
When you gonna let somebody in?

Said, you want to love  
But you don't know how  
And you want to trust  
But you're not allowed  
And you want to cry  
But you don't know why  
And you want to give  
But you're not that kind

When you gonna let somebody in?  
You might get hurt just a little bit  
When you gonna let somebody in?

You want to love  
But you don't know how  
And you want to feel  
But you don't know how
