

# The Magic Numbers, Slow Down (The Way It Goes)

well we talked all night  
trying to make things right  
can't believe it's gone  
had it all worked out  
in the morning doubts  
and it all goes wrong  
I can't give up on you  
that's just not just the way that it goes  
going to find yourself  
through someone else  
see if I held you wrong  
I'm afraid it can't leave you tonight  
had it once but it should have been twice  
slow down boy you're driving me crazy  
I'm not a kid anymore,  
I guess I never was that  
I'm trying and trying to move on  
I guess there's something inside that keeps holding on  
and I try and I try to move on  
well we talked all night  
tried to make things right  
can't believe it's gone  
you can't give up on him  
it's not just the way that it goes  
well I'm afraid I can't leave you tonight  
we had it once and it should have been right  
slow down boy you're driving me crazy  
I'm not the one any more  
I guess I never was  
and I try and i try to move on  
I guess there's something inside that keeps holding on  
and i try and i try to move on  
but guess theres something inside that keeps holding on
