

The Magnetic Fields, Alien Being

You talk a lot about nothing at all
Watch TV shows about nothing at all
Think a lot about nothing at all
Listen to songs about nothing at all

You have no feelings
I think you are an alien being
You won't let me in
I think you are an alien being

You write the laws about nothing at all
Make 3D films about nothing at all
Stage happenings about nothing at all
Sound and light shows about nothing at all

You have no feelings
I think you are an alien being
You won't let me in
I think you are an alien being

You complain about nothing at all
Go insane about nothing at all

You have no feelings
I think you are an alien being
You won't let me in
I think you are an alien being
