

# The Maine, I wanna love you

I see you winding and grinding up on that pole  
I know you see me looking at you and you already know  
I wanna love you  
You already know  
I wanna love you  
You already know  
Money in the air is more fell  
Grab you by your coattail  
Take you to the motel  
Hoe sale  
Don't tell, won't tell  
Baby say I don't talk girl unless you told on me  
Baby stick on me, I'm gonna stick on you  
And if you pick me, then baby I'll pick you  
D-o-double g I'm gonna put it on you  
I see you winding and grinding up on that pole  
I know you see me looking at you and you already know  
I wanna love you  
You already know  
I wanna love you  
You already know  
Mobbing through the club and I'm pressing  
I'm sitting back in the smoker's section  
Bird's eye  
I've got a clear view  
You can't see me but I can see you  
It's cool, we jet, the mood is set  
Your lips are  
You're rubbing your back  
And touching your neck  
Your body' moving  
I see you winding and grinding up on that pole  
I know you see me looking at you and you already know  
I wanna love you  
You already know  
I wanna love you  
You already know  
And you know my pedigree  
Ex-deala used to move phetamines  
And I'm loving the way you shake your ass  
In those jeans  
I see you winding and grinding up on that pole  
I know you see me looking at you and you already know  
I wanna love you  
You already know  
I wanna love you  
You already know
