

# The Manhattan Transfer, To You

To you my very heart and soul  
Everyday my very heart  
Very heart and soul ----  
I give to you  
You never know of giving  
Until you give yourself  
I do - To you  
To you the very life I live I give to you  
Very life I live  
My deep devotion  
My every thought and feeling, too  
I give, I do  
All my love, all my life to you

I've never known a day of strife  
Since you entered my life  
My care and my sorrow had me everyway  
Before we met, I was tryin'  
But my livin' felt like dyin'  
To you I give all of my heart and my very soul  
The life I'm living  
Yes, I'm giving everything to you  
It's true, really true  
You know that it's true  
All my love, all my life I live  
I want to give to you
