

The Manhattan Transfer, To You

To you my very heart and soul
Everyday my very heart
Very heart and soul ----
I give to you
You never know of giving
Until you give yourself
I do - To you
To you the very life I live I give to you
Very life I live
My deep devotion
My every thought and feeling, too
I give, I do
All my love, all my life to you

I've never known a day of strife
Since you entered my life
My care and my sorrow had me everyway
Before we met, I was tryin'
But my livin' felt like dyin'
To you I give all of my heart and my very soul
The life I'm living
Yes, I'm giving everything to you
It's true, really true
You know that it's true
All my love, all my life I live
I want to give to you
