

The Mars Volta, Tetragrammaton

Tell me its over rusbel awaits ive been to the surface and nothing is there eyelids sank muffled in the
my heart is darkclots leap year is late how did you get here ask all but the bait from a christ that we
glossolalia coats my skin glycerin and turbulence stuffed the voice inside of god mirrors to the anim
the sermon goes mourning pricking its hail slothful the child that preys on the seed shall behead the
give me a moment to clean what youve stole the streets will hang high stretch ribs and let taste we
glossolalia coats my skin glycerin and turbulence stuffed the voice inside of god mirrors to the anim
then so long dear mnemonic assume the form youve given me and ill spill
now hold on just hold my hand say that they made you but you brought your own leash tell me no r
sulking drained the fall of my pale will swarming by your steps licking the ankles of blasphemers guil
gas me the hind of your five legged snare tooth picks the eye but no things there down drags your
youll levitate teutonic print cruelty is the wrath of my instrument
in the end they just gagged me to make him come out
you locked the cuffs arsenic erupts will you drink the shadow of my red hair
you and your false witness to god youve one in the chamber but your finger got stuck
let slip the sound of a cry for help but all was lost on the night you walked
palms speak through eyes serve your memory lost i contaminate with insignias
in the end they just gagged me to make him come out
glossolalia coats my skin glycerin and turbulence stuffed the voice inside of god mirrors to the anim
wait till it get my hands on you i wont forget a face that left me
just you wait till i get my hands on you i cant you wont remember
unwrap my corpse and let it thaw in the eye of the needle i cant get out
theyll check my wrist ill faint a pulse im not the human you thought i was
if you pet the night sixth pentacle dice if you roll the seven st. michael dies
theyll be no ransom dont shut my mouth i scald the answer youre afraid of
