

The Melodic, ON MY WAY

I found an open door
(I'm on my way)
I think of love once more
(I'm on my way)
Precious time on your own
Seeing more than you care to say
And the mist falls away
(I'm on my way)
At times I've tried to feel
(I'm on my way)
With the thoughts I tried to steal
(I'm on my way)
Left forgotten like young love
All the choices I am made of
When the push comes to shove

I'm on my way /8x

I left the crowded shore
(I'm on my way)
I wrestled out once more
(I'm on my way)
These precious times on your own
Certain as the day
And the mist falls away
(I'm on my way)
I found an open space
And now it's time for me to find another place
Such a simple site to see
Move the ground where I had laid

I'm on my way /8x
