

# The Methadones, Nervous Breakdown

[Originally by Black Flag]

I'm about to have a nervous breakdown

My head really hurts

If I don't find a way out of here

I'm gonna go berserk, 'cause

I'm crazy and I'm hurt

Head on my shoulders

It's going berserk

I hear the same old talk about

The same old lies

Don't tell me that today

If ya know what's good for you

You'll get outta my way, 'cause?

I'm crazy and I'm hurt

Head on my shoulders

Going berserk

I won't apologize

For acting out of line

You see the way I am

You leave any time you can, 'cause?

I'm crazy and I'm hurt

Head on my shoulders

Going berserk

Crazy

Crazy

Crazy

Crazy

I don't care what ya fuckin' do

I don't care what ya fuckin' say

I'm so sick of everything

I just wanna die
