

The Michael Gungor Band, :Fly

Words and music by Michael Gungor

Full of doubt
Trying to work it out
Could you lay it down
For no

It's good to think
But it's good to drink
From this living stream
So why

Why don't you fly
Free your mind
To all this splendor
Why don't you fly
To the arms

That save

You can come
While your heart feels numb
You could just lie down
And rest

Or lift your eyes
To the open sky
We could come alive
And fly
