

# The Mission, Dragonfly

When you're scared and fell all alone  
Reach out for me  
In the cold and dark of night  
Reach out for me  
I will always be there for you  
No matter what you say or you do  
I will always shine hard for you  
And light your way

When the world is dragging you down  
Reach out for me  
And when the hurting goes too deep to tear  
Reach out for me  
No matter how far away  
Whether it's night or day  
Remember I'm under the same big sky as you

The warmth from the sun will liberate an beautify  
So spread your wings and soar into the sky  
As the dragonfly

When you're feeling shackled and chained  
Reach out for me  
When you're tethered by doubt and fear  
Reach out for me  
There's nothing I wouldn't do  
I'd lay down my life for you  
I want to believe in the spell in the spell your weave

And love will always heal and purify  
So open up your wings and soar as the dragonfly  
With every dawn there comes a sunrise  
After every storm there comes a blue sky  
With every kiss there comes a promise

The warmth from the sun will liberate an beautify  
So spread your wings and soar as the dragonfly  
And love will always heal and purify  
So open up your wings and soar into the sky  
As the dragonfly

Fly me to the moon  
And let me play among the stars  
As the dragonfly
