

# The Moffatts, Destiny ( Secret Track)

Desperate and scared  
I searched through my past  
asking myself why nothing seems to last

This road I travel  
was it cast in stone  
Did I make the choice  
as to where that I might roam

I shelter my fears  
from being alone each day  
I search for a light  
to guide my way...  
and this road that I traveled was it up to me?  
Did I make the choice?  
or was it destiny?

Is it destiny?  
The question still remains  
Are we free to choose?  
or bound by chains..  
bound by chains...  
Are we bound by chains?  
There are no answers to these questions  
that I can see destiny...

Some say it's luck  
others call it fate  
but as it unfolds  
do I hesitate?  
do I hesitate?

do I hesitate?  
hesitate...  
do I hesitate?  
hesitate..  
hesitate..  
do I hesitate?  
do I hesitate?  
hesitate..  
hesitate..  
do I hesitate?  
do I hesitate?
