

The Moffatts, Life On Mars

Written by: The Moffatts, Taylor Rhodes

VERSE # 1

Captain May I has asked us to take all our seats
This is the end of the beginning
We hope you can sleep
Pop a pill and lose track
You won't want to go back

PRE CHORUS

Close your eyes and count to ten
Will leave the past behind

CHORUS

You'll get you're freedom and your voices back
What you've lost you'll find it
Life on Mars□Pick up the pieces and live with the stars
We'll find it find it find it
Life on Mars

VERSE # 2

Captain May I has told us we're ready to land
The Martians will greet us but no one's an alien
Get ready to let it all go
Forget everything that you know

PRE CHORUS

This is our final destination, Welcome to cloud nine

CHORUS

I've got something to say
I've got something, Yeah
I've got something to say
I've got something, Yeah
I've got something to say
I've got something, Yeah

Close your eyes and count to ten
Will leave the past behind

CHORUS

You'll get you're freedom and your voices back
What you've lost you'll find it
Life on Mars□Pick up the pieces and live with the stars
We'll find it find it find it
Find it, find it, find it
Find it, find it, find it
Life on Mars
