

The Moffatts, Walking Behind

She's running
And he's walking behind
He's trying
But he's last in her line
His love's dying but he keeps on tryin
He lives in fear with a love that's clear
(he's walking behind)
He's got love that he needs to give but she's afraid to let him in

(CHORUS)
To her world with no together
She can't see him in her picture
She wants love but her heart won't let her let him in
He's walking behind
He's walking behind

The phone's ringin
Is it her on the line?
Does he answer
Or is he wasting his time?
Her loves dying but she keeps on trying
She lives in fear of a love that's clear
(She's walking behind)
She's got love that she needs to give but he's afraid to let her in

(CHORUS)
To his world with no together
He can't see her in his picture
He wants love but his heart won't let him let her in
She's walkin behind
Yeah

They've got a love to give
But they're afraid to let it in
She's got a love to give
And he's got a love to give
So let em in
Yeah

In a world with no together
She can't see him in her picture
She wants love so let him in
To his world with no together
He can't see her in his picture
He wants love but his heart won't let him let her in

He's walking behind
She's walking behind
