

# The Moody Blues, Want To Be With You

When I think of all the things that we've been through  
And all the things we've yet to do  
I, I start to realise  
Without you by my side  
The world is such a lonely place  
Want to be with you

I remember all the heartaches we have known  
The angry nights when we were lonely  
The jealousy and pain  
Can we remain the same?  
The world will have to hold its breath  
Want to be with you

I don't need a reason  
I don't need to understand  
I just want to be  
Want to be with you

Only want your love  
Only want you by my side  
Only want to be  
Want to be with you

And when I look back down that road  
I see the turnings that we both made  
The choice we had to make  
The promises we break  
Are nothing more than memories  
Want to be with you

Ahhh, ahhh, ahhh, ahhh, ahhh  
The jealousy and pain  
Can we remain the same?  
The world will have to hold its breath  
Want to be with you

I don't need a reason  
I don't need to understand  
I just want to be  
Want to be with you

Only want your love  
Only want you by my side  
Only want to be  
Want to be with you
