Head
Suddenly from flowered skies
Twenty thousand butterflies
Glorify my bed in deep maroon
Turn from hot to very cool
Though it seems incredible
I could ride a bike around the room

Cherry Blossom Clinic
Is there any truth in what they say
Cherry blossom clinic
Lock me in and throw the key away

In this sad position where I lie

Everyday I keep asking for my dad

Lift the blankets off my face
Quick before I suffocate
Trying hard to meditate
Tell the people, "what a scene"
Write a letter to the queen
Asking her if she can come to tea

Chorus

Up above the sun is high
Like a tea tray in the sky
Helicopter lands upon my bed
Phantom horses quickly fade
Turning into lemonade
Probably feel better when I'm dead

Chorus
