

The Muffs, All Blue Baby

Yeah, it's a lovely sunny day
And I wish it'd go away
Cause I'm mean
And I've seen it forever

Now did you notice me today
Well I hope not anyway
Cause I hear
That you're thinking I'm so far down

I didn't know what to say
I didn't know what to do
I didn't know anything anymore and
Ooh I'm all blue baby
Ooh I'm all blue so long

And you're ugly through and through
And you think you're ugly too
And I see what you see
And it's so right on

It's a crummy crummy day
To wake up and anyway
Cause I feel what I feel
And I'm so far out

(Repeat Chorus)

And I know what I feel
And I do do believe
I could never be you
So long

And I know what I feel
And I do do believe
Please don't lean on me
Ever too long (ever)
Please don't lean on me
Ever too long (ever)
Please don't lean on me
Ever too long
Ever too

Everytime long
Ever no
