

# The Music, Karma

Nnnnnnooooo  
Nnnnnnooooo  
Aaaahhhhh

Child  
Give me your hand

Will you ever  
Say never  
Just remember  
Cos it's not you  
If you ever  
Look into my eyes  
You will see me  
Yeah for real now  
This is what you want  
This is what  
You've got to fly like the butterfly  
Watch that demon be my guide  
Ah fly like the butterfly  
Watch that demon be my guide

If I ever  
Say never  
Just remember  
Cos it's not you

You've got to fly like the butterfly  
Watch that demon be my guide  
You've got to fly like the butterfly  
Watch that demon be my guide

So now I feel so cold  
So now I feel so cold  
So now I feel so cold  
So now I feel so cold  
So now I feel so cold  
So now I feel so cold  
So now I feel so cold

You've got to fly like the butterfly  
Watch that demon be my guide

Look into the air  
Say never  
No never
