## The Namesakes meet Savage, ONLY YOU 2014

Only you When I really get nothing to do Can't be true. Only you When I'm looking for somebody new You're the clue. Only change my mind When I feel so blind Then you make me see Love is free! Only you When I look at your eyes in the blue Love me too. Only you When your teardrops are lit by the moon Laugh too soon. Only change my mind When I feel so blind Then you make me see Love is free.

Don't push me aside (my love's alive)
Don't leave me to die (you will survive)
You hold me so tight (turn off the light)
It all seems so right
Only you
When I really got nothing to do
Can't be true.
Only you
When I look at your eyes in the blue
Love me too.
Only change my mind
When I feel so blind
Then you make me see
Love is free.

Don't push me aside (my love's alive) Don't leave me to die (you will survive) You hold me so tight (turn off the light) It all seems so right...
