

# The Network, X ray Hamburger

[German talking throughout]  
As they stare into our flesh  
At the end of what comes next  
Peering deep into the light  
X-ray hamburgers tonight  
Evolution of a race  
In outer space  
Running tests upon our scars  
Bits and pieces of our hearts  
Burnt so hot beneath the light  
X-ray hamburgers tonight  
Evolution of a race  
In outer space  
You're the change that had to come  
As we stare into the sun  
Pane of glass we can see through  
X-ray hamburger is you  
It's you  
X-ray hamburger to go  
It's you  
X-ray hamburger to go  
It's you  
X-ray hamburger to go  
It's you  
X-ray hamburger to go
