

The Nitty Gritty Dirt Band, Little Angel

Matraca Berg, Jeff Hanna

Little angel, are you lonely?
Did I hear you calling?
I will be there right beside you
Before night is falling
For you I'd walk across the blazing sun
And when my time on earth is done.....

I'll fly, little angel
I'll fly to get to you
I'll fly, little angel
I'll fly if you want me to

Just as sure as the stars above us
We'll be together
I'll give you love that's everlasting
If it takes forever
I know that I can't stop the hands of time
But when it's up for you and I.....

I'll fly, little angel
I'll fly to get to you
I'll fly, little angel
I'll fly if you want me to,
if you want me to

Little angel, are you lonely?
Did I hear you calling?
I will be there right beside you
Before night is falling

I'll fly, little angel
I'll fly to get to you
I'll fly, little angel
I'll fly if you want me to
I'll fly, little angel
I'll fly to get to you
I'll fly, little angel
I'll fly if you want me to
