

The Nycer, Freaky (feat. Deeci)

Lady shut the door!

Every day I turn around
You'll be puttin' on the show
Boy you make me lose control
Boy you got a sexy flow
Hit the lights and touch the ground
Free your mind and let it go
Want you to freak it baby
Are you freaky boy?
You're so freaky baby!
Are you freaky boy?
You're so freaky baby!
Are you freaky boy?

Lady shut the door!

Got that sexy boom
Come any time you're welcome
And every single move you do brings back the devil
On the way you down causes so damn fine, you know that
I love the sexy body shaking in mine
(check in in right, check in in right)

Every day I turn around
You'll be puttin' on the show
Boy you make me lose control
Boy you got a sexy flow
Hit the lights and touch the ground
Free your mind and let it go
Want you to freak it baby
Are you freaky boy?
You're so freaky baby!
Are you freaky boy?
You're so freaky baby!
Are you freaky boy?
