The Offspring, I Got A Right

Anytime I want I got a right to move No matter what they say
Anytime I want I got a right to move No matter what they say
I got a right, I got a right to move Anytime I want, anytime
I got a right, I got a right to move Anytime I want
Anytime I want I got a right to sing No matter what they say
Anytime I want I got a right to sing No matter what they say
I got a right, I got a right to sing Anytime I want
I got a right, I got a right to sing Anytime I want
I got a right, I got a right to sing Anytime I want
