

# The Offspring, Leave It Behind

Rage burns can't push it aside now  
Can't forgive this grudge is alive now  
All the rage eats you up inside  
Can you leave it behind  
What a surprise -  
You're fucked with again Yeah  
It's a way of life you need to get over  
All the rage just eats you alive  
Can you leave it behind  
I don't know where it'll end  
The sun has set  
And I can't be friends  
I don't know if I can forgive  
The day is long  
But you were so dead wrong
