

# The Offspring, Million Miles Away

There was a time, looking through myself  
Wanting to pretend  
If I escaped, I could fill myself  
I don't think you can  
Been far and wide  
But that hole inside  
Never really leaves  
When I went away, what I really left  
Left behind was me

It's telling me  
To be on my way home  
Million miles away  
I can't stay

Each passing day, every passing face  
Seems like such a blur  
I long to be  
Home, silently  
Lying next to her  
Just to get back, by her side is all  
All I need to be  
Cause I went away  
But what I really left  
Left behind was me

I need to be  
Getting on my way home  
Million miles away  
I can't take
