

The Operation M.D., Photo Sexual

I saw you smiling on my TV screen,
And wearing nothing in the magazine,
I picked you up and held you in my hands,
I started thinking I could be your man
But when I met you in the flesh and blood,
Something was missing, it was not as good,
A pretty face around and ugly mind,
You got your pose and everybody knows it
You never come as you are,
I gotta to tell you,
You're only Photo Sexual,
Ya I know your secret,
They only want you,
If you can keep your mouth shut,
Keep your mouth shut,
It's so much better when you Keep your mouth shut
I had a dream about you just last night,
Cause on the show you always look so right,
It makes me wonder what those ups would say,
Would they be telling me to go away
But then I met you in the flesh and blood,
Something was missing, it was not as good
A pretty face around an empty mind,
You got your pose and everybody knows it
You never come as you are,
I gotta tell you,
You're only Photo Sexual,
Ya I know your secret,
They wanna fuck you,
If you can keep your mouth shut,
So come on to me,
You don't need words,
And you never have to sing,
Well come on to me,
But please stay on my TV,
Hey it's just a fantasy for me
It's just a fantasy,
It's just a fantasy for me,
It's just a fantasy,
It's just a fantasy for me,
It's just a fantasy,
It's just a fantasy for me,
It's just a fantasy
