

The Other Ones, He's A Man

Lonely boys are never happy
If they're all alone
Tell me one lonely boy
Who is happy on his own

Oh, think of all you have outside
Your room of solitude
One thing I must say to you
Before you call your move

CHORUS

(You've got it, they've got it)
(Everyboy's got it, he's a man)
You've got it, they've got it
Everyboy's got it (he's a man)

Keep on moving, stop intruding
One must play the game
Never think that you're alone
The world's a giant place

Oh, hold me tight 'til the morning light
We'll wake and start the day
Don't tell me it's easy
For my love to set you free

CHORUS

CHORUS

(He's a man)

CHORUS

You've got it, they've got it
Everyboy's got it (he's a man)
(He's a man)
