

The Partridge Family, Let Your Love Go

Peeping, hiding
Sneaking, lying
Keep it from the rest of the world
It ain't no way to go
When I love you so

(Chorus)
Let your love go
Let your love go
If you hide it, how will I ever know

Let your love go
Let your love go

Secret places, staring faces
Trying hard to keep it inside
Girl I want to shout it
And tell the world about it

(Chorus)

Hang on, hold on,
Hold on, hang on

That's what you're always telling me
Hold on, hold on
Hang on, hang on
Getting tired of waiting
While you're wasting time making up your mind

Going, coming
Stopping, running
Time for you to open your eyes
You will realize
If you open up your eyes

(Chorus)
Let your love go
Let your love go
Let your love go oh
Let your love go oh
Let your love go oh
Let your love go babe
Let your love go
Let your love go
Let your love go oh
Let your love go
