

# The Partridge Family, Roller Coaster

I recall when I was young  
My papa said don't cry  
Life is full of ups and downs  
Like a roller coaster ride  
There'll be times you'll get so scared,  
Rollin' down these hills  
But hang on tight with all your might  
Cause you don't know what you feel

You go up, down, all around,  
On a cycle that's never endin'  
You got on this train when you were born  
And the wheels just keep on spinnin'  
Like a roller coaster, it keeps going faster  
I'm going faster, thrills comin' at ya  
And I walk down, all around  
Like a roller coaster

I left home at just sixteen,  
Thought I'd have some fun  
Hitched a ride on a diesel truck

Headed for Washington  
I know now what my poppa meant  
When he told me heart to heart  
Son, you'll find out soon enough  
Life is just an amusement park

You'll thrill, like a kid  
You'll get so excited  
You hang on tight with all your might  
As if your hearts ignited

(Chorus)  
You go up, down, all around,  
On a cycle that's never endin'  
You got on this train when you were born  
And the wheels just keep on spinnin'  
Like a roller coaster, it keeps going faster  
I'm going faster, thrills comin' at ya  
And I walk down, all around  
Like a roller coaster
