

The Partridge Family, When We're Singing

Come on now and meet everybody
and hear us singin'
There's nothing better than being together
when we're singin'

Five of us and Mom working all day
we knew we could help her if our music would pay
Danny got Reuben to sell our song

and it really came together when Mom sang along

Come on now and meet everybody
and hear us singing
There's nothing better than being together
when we're singin'
when we're singin'
when we're singin'
